

Spring Webinar Speaker Profile

Javeed Sukhera, MD, PhD

Javeed Sukhera MD, PhD, is an Associate Professor of Psychiatry and Paediatrics at the Schulich School of Medicine and Dentistry, Western University Canada. He is also a Scientist at the Centre for Education Research and Innovation at Western University. He practices in the Paediatric Chronic Pain and Child and Adolescent Mental Healthcare Programs at London Health Sciences Centre. His interdisciplinary research program explores novel approaches to stigma reduction and bias recognition and management in health professionals. He is routinely interviewed by local and national media for his expertise on bias, stigma, equity, and wellness. He is also involved in numerous committees and councils. He is Chair of the London Police Services Board, and a former member of the Association of American Medical Colleges Board of Directors. He is also Past President of the Ontario Psychiatric Association.
